The charges for the inspection and repair of breech-loading arms at the rate of one penny for each arm annually (*see* Clause 24, Reserve Forces Circular, 1870, and Clause 5, Reserve Forces Circular, 1872) may in future be included in the accounts of adjutants of Volunteers, under the head of "Inspection and Repair of Breech-Loading Arms."

2. These charges will be supported by proof of payment, and by certificates from the local control officer specifying the number of arms in charge of the corps or administrative battalion; also by certificates from the officer commanding the corps or battalion stating that the duties of the certified armourers have been performed to his satisfaction.

G.O. 59.—National Rifle Association—Army Prizes.

(Specially issued 12th June, 1872.)

I. The accompanying memoranda,* showing the conditions of competition on the 16th and 17th July, for the Army prizes and challenge cup, given by the National Rifle Association, to be shot for at the ensuing Wimbledon Meeting, are published for general information.

II. Two competitors are allowed to be furnished by each regiment of Cavalry or battalion of Infantry at home, and by each depôt of those on foreign service,—with a like number for every 600 men of the corps of Royal Engineers;—and commanding officers will transmit one of the "Forms of Entry" O., properly filled up, to the Adjutant General, and another to the secretary to the National Rifle Association, *not later than* 1st *proximo*, holding the men in readiness to proceed to Wimbledon according to arrangements to be made by the quartermaster general, under charge of officers to be hereafter named for duty with them.

III. The men are to be fully equipped in every respect, and special care must be taken in selecting men for this honourable duty, that preference is given, not only to those who are good shots, but to such as are also of good character and steady habits, and who will be likely in every respect to do credit to their corps while absent therefrom.

IV. The competition will be with 3-groove long Snider Rifles, which, if necessary, can be obtained by Cavalry regiments on loan from the National Rifle Association, on terms which may be ascertained from the secretary. As a pull off of less than 6 lbs. will disqualify a competitor, care must be taken that the locks of the Infantry parties are carefully tested before proceeding to Wimbledon.

V. As the National Rifle Association has decided that Volunteers competing for prizes may, at distances beyond 200 yards, fire "in any position," the same relaxation of the Hythe rules will be allowed to the regular troops competing for the Army challenge cup prizes at Wimbledon.

VI. The commanding officer of the battalion which gives the winner in the second stage, will be held by the Field Marshal Commanding in Chief responsible for the safe custody of the "Challenge Cup," and for its return to the secretary to the National Rifle Association whenever it may be required.

VII. The names of the winners of prizes will be published in general orders.

GEN. ORDERS—*continued.*

G.O. 60.—Inspections of Cavalry.

In reference to G.O. 89, of 1871, the inspection of Cavalry regiments in Great Britain and Ireland will, in future, be made twice in each year, viz.:—

1st. In the early spring by general officers commanding districts, who will not be required to send in the usual forms of confidential reports, but merely to communicate the result in a letter to the Adjutant General.

2nd. In the summer or early autumn (as may be most convenient), by the general officers of Cavalry stationed at Aldershot and the Curragh, respectively; the report to the Adjutant General being rendered upon War Office Forms 755 and 758. The special reports on individual officers should be sent, at the same time, to the military secretary.

G.O. 61.—Gymnastic and Fencing Instruction.

Officers and men of auxiliary forces when not assembled for service under the Mutiny Act, and persons in government employ, are permitted to receive instruction in gymnastics and fencing in the military gymnasia, when not required for the regular classes,—subject to the approval of the general or other officer commanding at the station, and on the following conditions, viz.:—

1. Individuals desiring instruction in fencing must supply their own fencing materials, and all must provide themselves with gymnastic belts and shoes.

2. The serjeant instructors may receive remuneration at the rate of one shilling a lesson (of one hour) for each class not exceeding 15 individuals.

3. The superintendent will appoint the instructors, one for each class, and decide how the remuneration is to be divided amongst them.

4. Learners must conform to the rules of the gymnasium or the privilege of receiving instruction will be withdrawn.

G.O. 62.—Certificates of Education.

Instructions for the guidance of boards of officers assembled at foreign stations where there are no local inspectors of Army schools, for the examination of candidates for certificates of education, have been approved. They will be circulated by the Director General of Military Education, and are to be adhered to by all concerned.

G.O. 63.—Fines for Drunkenness.

With reference to paragraph XI. of G.O. 28 of 1872, when an act of absence is considered by the commanding officer to be equivalent to an act of drunkenness, the fact will be notified in all defaulters' books by inserting a letter D in red ink opposite the crime, in the column appointed for recording numerically the acts of drunkenness committed by a soldier since the date of his enlistment.

G.O. 64.—Discharges.

As soldiers sent to civil gaols at home, and sentenced to be discharged with ignominy, will be furnished with plain clothes on discharge from prison, the escorts who conduct such prisoners to civil gaols will take back with them their regimental tunics, caps, and trousers.

By command,

RICHARD AIREY,

Adj. Gen.

National Rifle Association, 1872.

As a pull off of less *than* 6 *lbs. will disqualify a Competitor, it is* particularly *requested that the Men selected may have their Locks regulated* before *proceeding to Wimbledon.*

Cl. 120.—Royal Warrant—Promotion and Retirement of Officers of Royal Artillery.

(Issued in Special Army Circular of 6th July, 1872.)

VICTORIA R.

WHEREAS we think it expedient in certain respects to amend the regulations concerning the pay and promotion and non-effective pay of officers of our Royal Artillery;

Our will and pleasure is that the following Articles of our Warrant of 27th December, 1870, be cancelled, in so far as they relate to the Artillery: Article 24; so much of Article 175 as relates to the pay of lieutenant colonel, captain, and 2nd captain; Articles 978 and 979; likewise Article 97, as amended by our Warrant of 31st May, 1871.

2. It being expedient that a battery be commanded by an officer having the rank of major, all officers now holding the rank of captain in our Royal Artillery shall be promoted to the regimental rank of major from the date of this Warrant.

3. The 2nd captains of our Royal Artillery, being second in command of batteries, shall in future be styled captains.

4. A major, with the brevet rank of lieutenant colonel, who shall hold the temporary command of two batteries of Artillery for a continuous period exceeding one calendar month, shall reckon such continuous period as part of the five years required to qualify for the rank of colonel, under Article 29 of our Warrant of 27th December, 1870.

ARMY CIRCULARS—*continued.*

5. The pay of lieutenant colonels, majors, and captains of our Royal Artillery shall be as follows:—

6. When officers now holding the rank of captain in our Royal Artillery are promoted to the regimental rank of major, they may, if in receipt of a higher rate of pay than that laid down for majors in Article 5, continue to draw such higher pay (including distinguished service pay) in lieu of the pay laid down in this Warrant.

7. A major actually in command of a battery of Artillery shall receive 1*s.* 6*d.* a-day command pay, in addition to his regimental pay, subject to the regulations laid down in Articles 233 to 235 of our Warrant of 27th December, 1870.

8. The following shall be the rates of half-pay of majors of our Royal Artillery:—

9. An unattached general officer or regimental colonel of our Royal Artillery, not subject to Indian retiring regulations, may retire after 40 years' service upon 600*l.* a year. The retired full pay of these officers shall be an addition to the total annual amount of retired full pay, as laid down in Article 976 of our Warrant of 27th December, 1870.

10. An officer not subject to Indian Retiring Regulations may retire after 30 years' service upon the full pay of his rank, such full pay, in the case of a regimental lieutenant colonel, being reckoned at 1*l.* a-day.

11. An officer retiring under Article 9 or 10 shall relinquish the prospect of succeeding to the command of a brigade.

12. Nothing contained in this Warrant shall apply to officers of the Coast Brigade of Artillery. Cases of retirement from the Coast Brigade will be specially considered.

13. A major commanding a battery of Garrison Artillery shall only be entitled to forage or forage allowance when he shall be required to perform field officer's duty in a garrison, or when on active service in the field.

14. The pay in lieu of non-effectives granted by Article 236 of our Warrant of 27th December, 1870, to first captains of the service and Depôt Batteries of Royal Horse Artillery shall be received hereafter by majors of the same.

15. An officer, now serving in our Royal Artillery, who shall retire, with the rank of general officer or regimental colonel, under Article 10, shall be eligible to have his retired pay made up to a sum not exceeding 600*l.* a-year, the difference between such sum and 600*l.* being the estimated equivalent for the pecuniary advantages which shall have been conferred upon him by this Warrant or by any consequent revision of establishment. This equivalent shall be arrived at by an actuarial calculation in each case, and shall be approved by our Secretary of State.

16. Any retired pay in excess of the sum of 1*l.* 6*s.* a-day, which may be granted to an officer under the foregoing Article, shall not be taken from the amount of 42,400*l.*, fixed by Article 976 of our Warrant of 27th December, 1870, as the limit of the sum to be annually expended for the retired full pay of our Royal Artillery.

Given at our court at Aldershot, this 5th day of July, 1872, in the 36th year of our reign.

By Her Majesty's command,

EDWARD CARDWELL.

VICTORIA R.

WHEREAS it has been represented to us that it is expedient to extend the period for which officers and subordinates of our Army absent from their stations on duty may be granted the full rate of personal allowance;

Cl. 125.—Adjustment of Payments made by one Accountant on behalf of another.

(*Further Regulations Supplementary to Clause* 52, *Army Circulars* 1872.)

1. The adjustment with control paymasters of the sums to be credited by them to the public for barrack damages, sheet-washing, &c. (in accordance with Clause 74, Army Circulars, 1870) will be effected under the regulations contained in Clause 52, Army Circulars, 1872. Regimental and other paymasters will be careful to give such information as to service, station, and period as will enable control paymasters at once to identify the sums intended to be adjusted. Control paymasters will debit themselves with the amounts in detail under the respective heads of service as heretofore.

2. The method of adjustment prescribed by para. 6 of Clause 52, Army Circulars, 1872, may also be followed in all cases in which a monthly settlement is usually effected, Form 1187 or 1209 being substituted for Form 1186.

3. When advances are notified on No. 1 Reports (W. O. Form 330 A) they need not also be notified on Form 1186. Similarly, claims on the ordinary returns for barrack damages, sheet-washing, &c., may be adjusted by the use of W. O. Form, 1187 or 1209, as may be most convenient.

4. All railway warrants issued in accordance with regulations, whether for men on furlough, women, or children, may be settled for under Clause 52, Army Circulars, 1872.

5. The counter-signature of the officer commanding, or controller, to W. O. Forms 1186, 1187, and 1209 will not be required.

CONTROL SERVICES.

2. All stores will be invoiced, as shown below, *on separate vouchers*, or *schedules of bills of lading*, according to their description; and all such vouchers or schedules will be addressed to the Controller, Royal Arsenal.

3. In all cases when stores are returned by special order, or "to be specially reported on," it must be distinctly so stated on the vouchers, and if there be a War Office order it must be quoted.

4. When stores are sent "for repair," and are required to be returned to the station from which they have been sent, they should, in every case, be accompanied by a demand on W. O. Form 156.

5. W. O. Circular, No. 8, 29th October, 1856, is hereby cancelled.

Cl. 127.—Display of Flags.

1. Union Flags will in future be issued of the following sizes, viz.:

ARMY CIRCULARS—*continued.*

5. The union flag, 12 feet by 6 feet, will be discontinued when those in use and in store are worn out.

6. Royal standards are only allowed at certain stations under special orders, and will not be demanded at those stations where they have not already been allowed.

7. Article 407, page 106, of the Ordnance Home Regulations, is hereby cancelled.

Cl. 128.—Marking of Stores condemned, and of Stores sold.

1. All stores sold, that can be marked, will be distinguished by a broad arrow being stamped or cut *above* the original mark, thus , as laid down in Clause 198, Army Circulars, 1871.

2. All stores that are condemned will be distinguished by a broad arrow, stamped or cut *under* the original mark, thus . Paragraph 4 of Clause 44, Army Circulars 1870, will be amended accordingly.

3. Should the original mark be deficient another one is to be stamped or cut to meet the service.

Cl. 129.—War Rockets.

1. War rockets will not form any portion of the equipment of fortresses; they will only be employed with siege trains and in the field, as occasions and circumstances demand.

2. Practice will no longer be carried on with rockets, except at the School of Gunnery, and the Regulations for the supply of ammunition for practice and exercise published with Clause 206, Army Circulars, 1870, will be revised accordingly.

3. All rockets and rocket troughs not required for naval service will be returned to Woolwich, as opportunities occur.

4. On receipt of this order, a return will be sent to the Controller, Royal Arsenal, showing the numbers and natures of rockets and of troughs that will be returned to Woolwich.

Cl. 130.—Picketing Implements.

(Issued as a Special Army Circular on 22nd July, 1872.)

1. When tarred picket ropes of 25 yards are supplied, the proportion of picket posts will be 6 to each rope; but when white picket ropes of 16 yards are issued, 4 posts only will be required for each rope.

2. The proportions of camp equipage printed in the Appendix to Clause 74, Army Circulars, 1872, will be revised accordingly.

Cl. 131.—Damages to Earthenware Articles.

The following rules are to be observed by commissaries in charge of barracks and hospitals in assessing damages to earthenware articles in use by the troops.

1. *Chipped* articles will not be charged for so long as they continue to be used by the same regiment, or are in a condition in which (in the opinion of the commissary) another regiment would not object to take them into use; otherwise the full price of the articles will be charged to the regiment committing the damage.

2. *Small cracks* will be dealt with in the manner laid down in paragraph 1, with regard to chips.

3. In the case of *large cracks* rendering the article at any moment liable to breakage, the full price will be assessed.

Cl. 132.—Army Signalling Equipment.

1. On the appointment of an instructor in a regiment or corps, the commanding officer will forward to the local controller a requisition, in duplicate, on War Office Form No. 469, for the stores that constitute the regimental signalling equipment.

2. These supplies will—except as provided in the following paragraph—be confined to regiments of infantry and cavalry, to head-quarters of Royal Artillery districts (for Garrison Artillery), and to head-quarter stations of Commanding Royal Engineers (for companies of Royal Engineers).

3. The stores will also be supplied to batteries of Royal Horse and Field Artillery, provided that there are certificated instructors attached to them, and that the issue is deemed necessary by the general officer commanding, under whom the batteries are serving.

Cl. 133.—Sale of Surplus Clothing.

With reference to Article 59, page 40, "Revised Royal Clothing Warrant, of 1865," authorizing the issue at compensation rates, with the addition of 5 per cent., of such articles of clothing as may be surplus in store, officers commanding regiments of Infantry are informed that, owing to the increase in the price of leather, the rate to be charged for ankle boots, when issued on payment to the men, will be 10*s.* 11*d.* a pair, as quoted for Royal Engineers in the price list of necessaries printed as an Appendix to Clause 61, Army Circulars, 1872.

2. The allowance for the hire of such accommodation referred to in Article 31, War Office Regulations, 1848, and War Office Circular No. 13, will not in future be issued.

MILITARY MAPS AND BOOKS.

Cl. 137.—

1. Officers of the Army will be allowed to purchase military maps and books published "by Authority" at cost price, under the following regulations.

2. Any officer may obtain one copy of such military books and maps, or one copy of the ordnance survey map of the district in which he is serving, on application to the Director, Topographical Department, 4, New Street, Spring Gardens, S.W., and payment of the value thereof to the control paymaster of the district or command in which he is serving. The control paymaster's receipt for the amount must accompany the application.

3. Books and maps applied for under these conditions, before the 25th of each month, will be issued at the commencement of the succeeding month.

4. The authorized books and maps will be sold at the prices indicated in the schedules printed as an Appendix to this Clause. The charge for postage is included in such prices, except in the case of the Official Record of the Expedition to Abyssinia.

5. Non-commissioned officers and soldiers will be supplied with copies of books and maps at the prices mentioned in the Appendix, if their applications are indorsed by their commanding officers.

W. O. FORMS.

Cl. 138.—

With reference to § 1, Clause 108, Army Circulars, 1872, it is notified that W. O. Form 1507 (Tradesmen's Bills Abroad) has only been discontinued in the Royal Engineer Department. It will be supplied on demand for use at foreign stations as usual.

ERRATA.

Clause 83, *Army Circulars*, 1872. The W. O. Forms for Rebate of Income Duty should have been described as follows:—

W. O. Form 872 (Abroad), and W. O. Form 873 (Home).

Clause 119, *Army Circulars*, 1872. The first paragraph of this Clause contains a misprint; it should be read as follows:—

"When a pensioner, who holds an appointment for which he is paid from Army funds, desires to claim exemption from, *or rebate of* income duty, he should prefer his claim through the paymaster from whom he draws such pay."

(Signed) LANSDOWNE.

G.O. 65.—Examinations for first Appointment.

(Specially issued 19th July, 1872.)

Referring to G. O. 52 of 1872, the following particulars explanatory of the regulations "respecting first appointments and examinations for promotion" are published for general information, viz. :—

Par. 4. No competitive examination for the Line will take place until all existing claims have been provided for, which will probably not be until the autumn of 1873.

Par. 9. The "further examination" will follow the "preliminary examination" at an interval of only two or three days.

Par. 22. As certain of the examinations at the Universities do not take place until nearly the end of the year, it will suffice if the certificate of examination, required to be transmitted by university candidates is sent in one week before the 1st January, provided that the application, accompanied by the other certificates, has been previously made as directed.

Pars. 27 and 28. Officers of Militia who may be recommended for commissions in the Army, will not be required to produce the certificate from the Civil Service Commissioners referred to in para. 28 (*d.*) provided they can produce a university certificate as prescribed in para. 22.

G.O. 66.—Instruction in Field Works.

I. A short course of instruction in field works according to the accompanying synopsis —Appendix A.—is to be gone through by the Infantry at all stations where practicable.

II. The instruction of the troops in field works has by Clause 71, Army Circular, 1871, been placed under the commanding Royal Engineer of the district; and general officers will make arrangements for the instruction, which it is very desirable should be continuous, being carried on by regiments or companies.

III. Not less than one company is to be instructed at a time, and the men should, when possible, be taken off all other duties.

G.O. 67.—Army Signalling.

I. In accordance with the provisions of paras. 5 and 6, Clause 21, Army Circular, 1869, one officer as instructor, and two non-commissioned officers as assistant instructors in Army signalling, will be appointed to each brigade of Artillery, regiment of Cavalry, and battalion of Infantry.

II. These instructors and assistant instructors must have obtained certificates of qualification from the School of Military Engineering at Chatham. They will be held

responsible that the system laid down in the manual of instruction, and taught at the School of Military Engineering, is strictly adhered to,—and as the signallers of one regiment may at any time be called upon to communicate with those of another regiment, identity of system is absolutely necessary.

III. A detail of the stores that constitute the instructional equipment, and instructions as to the mode of obtaining the same, are published in Clause 132, Army Circulars, 1872.

IV. The classes that are formed for regimental instruction are to consist of 10 officers and men.

V. Army signaling is a duty, the proper discharge of which depends, in more than an ordinary degree, on the efficiency and conduct of each individual employed. Signallers are often placed in isolated positions, where every man has a responsibility resting on himself. They must, therefore, be especially selected for steadiness of conduct, and must also be quick and intelligent, able to read and write well, to spell correctly, and have good eyesight. Officers commanding corps will see that no man is permitted to join the classes for instruction who is not possessed of these qualifications; and the greatest care and discrimination on the part of the instructor must be used to prevent any man being reported as a qualified signalman, unless he be perfectly fit to fulfil all the required duties.

VI. On the completion of a course of instruction, a return of the officers and men composing the class, with a report of their qualifications, will be prepared by the regimental instructor on W. O. Form 70 (Appendix A) in duplicate. One copy will be kept with the regimental records, and the other forwarded to the general officer commanding for transmission to the Quartermaster General.

VII. One officer and two non-commissioned officers or privates in each battery, troop or company are to be specially selected as signallers; and at least one supernumerary per battery, troop or company is to be trained in order to replace men becoming ineffective.

VIII. The officer commanding a corps will use his discretion in removing any man on account of misconduct, and replacing him by the supernumerary signalman.

IX. The signalmen of each regiment or corps will be inspected once in each half-year by an officer specially appointed on the recommendation of the Commanding Royal Engineer, at each station, who will send in a return in duplicate on W. O. Form 71 (Appendix A) after each inspection, to the Commanding Royal Engineer—one for transmission to the general officer commanding, and one for transmission to the commandant School of Military Engineering—(through the Deputy Adjutant General Royal Engineers). This officer will also report on such points as may be deserving of notice respecting the proficiency or otherwise of the signalling classes inspected.

G.O. 68.—Indian Troop Ship—Letters for.

Letters and newspapers sent to Egypt to meet military passengers on board her Majesty's Indian Troopships are, in future, to be addressed to Suez, and not to Port Said.

By command,

RICHARD AIREY,

Adj. Gen.

MEMORANDA.

All General and Field Officers whose names are allowed to be retained in the Army List, whether they may have left the Service since or previously to the issuing of Her Majesty's Royal Warrant of the 6th October, 1854, should send a Notification to Her Majesty's Secretary of State for War of their being alive on the 1st January and the 1st July of each year.

All Officers who have commuted will have their Names retained in the Army List so long as they send a Notification to the War Office of their being alive on the 1st January and 1st July in each year.

All retired Field Officers of Militia and Yeomanry Cavalry whose names are allowed to be retained in the Army List, should send a Notification to the Under-Secretary of State for War of their being alive on the 1st January and the 1st July of each year.

If such Notification due on the 1st January be not received at the War Office by the 1st April, and that due on the 1st July by the 1st October, it will be concluded that the Officer is deceased, and his name will be removed from the Army List.

Regulations respecting Foreign Orders.

1. No subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Field Marshal Commanding in Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

REGULATIONS RESPECTING

FOREIGN MEDALS.

148
533

1. Applications for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a foreign Sovereign on British subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander in Chief or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which they may grant such permission without any other formality.

2. Any British subject is at liberty to accept and wear a Foreign Medal, not being the decoration of a Foreign Order, bestowed by competent authority for acts of bravery in saving human life. An officer, soldier, marine or sailor must, however, first obtain permission from the Commander in Chief or the Lords of the Admiralty, as the case may be.

3. No permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

INFANTRY.

A soldier who enlists in the Infantry engages to serve for 12 years, the first 6 years in the Army and the last 6 years in the Reserve.

The pay of an Infantry soldier while serving in the Army is 1*s.* 2*d.* a-day, with an additional 1*d.* "beer money."

Lodging, bedding, fuel and light are supplied free.

Good food is provided at less than cost price; at home, a daily ration, consisting of 1lb. of bread and ¾-lb. of meat, is supplied to soldiers for 4½*d.*, which is stopped from their pay; in the colonies, 1lb. of bread and 1lb. of meat is supplied for 3½*d.*

The soldier on first joining is clothed, and provided with brushes, razors, and all other necessaries, free of charge.

He is afterwards supplied annually with the principal articles of clothing; but is required to provide himself with some of the smaller articles, such as shirts and socks, and to keep up his supply of brushes, &c., at his own cost; these are furnished at a low price by Government; and the total expense to which he is put on this account does not, on an average, amount to a penny a-day.

In case of sickness, medical treatment in hospital, with proper food, &c., is provided for a stoppage of 10*d.* a-day from the soldier's pay.

By good conduct a soldier may obtain an increase to his pay of 1*d.* a-day after 2 years' service; and if he can read and write, and is deserving, he has every prospect of promotion to be non-commissioned officer, with a further increase of pay.

When a soldier is transferred to the Reserve for the last 6 years of his engagement, he receives 4*d.* a-day, in return for which he is liable to be drilled occasionally; the times of training and exercise will, however, be so arranged as to interfere as little as possible with his trade or occupation: he is also liable, in case of *imminent national danger or of great emergency*, to be recalled to service in the Army.

A soldier has no *right* to remain in the Army for more than 6 years, but the *privilege* of remaining in it for the whole 12 years will be allowed to such men as may be specially recommended by their commanding officers.

A soldier permitted to remain in the Army for the whole 12 years, if he has conducted himself well and is fit, may be allowed to re-engage, to complete 21 years' service; after which he will, on discharge, become entitled to a pension for life, varying from 8*d.* to 2*s.* 6*d.* a-day, according to his rank and service.

After completing 21 years' service he may apply to be allowed to remain for a further period in the Army. If his application be granted he will continue to serve as a soldier; and will be allowed to claim his discharge at any time, at the expiration of 3 months from the date of his giving notice to his commanding officer of his wish to leave the service.

During his extended service he may earn increased good conduct pay at the rate of—

2*d.*	a-day	after	6	years'	service.
3*d.*	"	"	12	"	"
4*d.*	"	"	18	"	"

If recalled to service in the Army from the Reserve, a soldier will receive full daily pay, and the time he has served in the Reserve will reckon towards good-conduct pay, as if he had served continuously in the Army; and, if at the end of his limited engagement he re-engages, the time he has served in the Reserve will count year for year towards pension on discharge.

CAVALRY, ROYAL ARTILLERY AND ROYAL ENGINEERS.

A soldier who enlists in the Cavalry, Royal Artillery and Royal Engineers, engages to serve for 12 years in the Army; at the end of which period, if he has conducted himself well and is fit, he may be allowed to re-engage to complete 21 years' service, after which he will, on discharge, receive a pension for life, varying from 8*d.* to 2*s.* 6*d.* a-day, according to his rank and service.

The daily pay of a soldier in the Cavalry is 1*s.* 5*d.*, in the Royal Artillery 1*s.* 5½*d.*, and in the Royal Engineers 1*s.* 4½*d.*, with an additional 1*d.* "beer money" in each case.

A soldier in the Royal Engineers receives, in addition to his ordinary pay, extra "working pay," generally varying from 1*s.* to 2*s.* a-day, according to the nature of the work on which he is employed, and his qualifications; trained artificers and good workmen are, however, alone accepted as recruits for the Royal Engineers.

Soldiers in the Cavalry, Royal Artillery and Royal Engineers receive the same advantages as regards lodging, food, clothing, medical treatment, good conduct pay and extension of service as have been described as given to soldiers in the Infantry.

ALL ARMS.

In addition to the advantages already explained, canteens are established in which a soldier can buy beer, tobacco and other articles at cheaper rates than elsewhere. He has the benefit of a regimental school, in which he may get a sound and useful education; the use of a library, and recreation room; and, in most places, other means of amusement. In many places he has time and opportunities given him to learn a trade, by which he may earn money whilst in the Army, and be the better prepared for gaining his livelihood when he leaves the service.

If wounded in action, or in any way maimed in the performance of his military duties, he becomes entitled to a pension.

A deserving soldier, on his discharge, is well fitted, from his regular habits, for many situations—such as those in the police, on the railroads, or other employments in civil life—and a good character on discharge from the service gives him the best testimonial for such employment.

As an additional inducement to good men to join Her Majesty's service, advantages are given to soldiers who on leaving the Army may wish for employment in the Civil Service, and to soldiers in the Reserve who wish for employment as country post-office messengers.

There are few callings in civil life open to unskilled labour which promise to a steady and deserving young man such advantages as are offered to a soldier in HER MAJESTY'S SERVICE.
